

Call for Papers

**Wissenschaftlicher
Industrielogistik-Dialog**

**4th Industrial Logistics
Science Dialog**

**Montanuniversitaet Leoben
21 – 22 September 2017**

From September 21 to 22, 2017, the 4th Industrial Logistics Science Dialog **WIL.D** will take place at Montanuniversitaet Leoben, organised by the Chair of Industrial Logistics. The conference provides an opportunity to get to know and discuss the state of research on the technical and economic aspects of logistics systems. A platform for knowledge exchange and research cooperation will also be offered.

The focal area of **WIL.D** 2017 is "*Logistics & Production Management*". The topics of **WIL.D** 2017 include (but are not limited to):

- Manufacturing organization
- Material flow concepts
- Flow optimization
- Manufacturing supply and delivery concepts
- Inventory optimization
- Lean management in production
- Technologies in production supply
- Material efficiency
- Resource efficiency
- Value stream engineering
- IT in production logistics
- Key performance indicators

The conference has a techno-economic focus, combining the theory of engineering concepts and their economic evaluation. Case studies from industry, reports on projects and implementations, presented from a scientific perspective, are welcome.

Conference language: German, English

Submissions:

WILD 2017 is looking for contributions in cutting-edge research, as well as insightful advances in industrial practice.

Calendar	Deadline
Submission of Abstract	March 31
Notification of acceptance	April 15th
Submission of full paper	June 25th

Short abstracts of the paper should not exceed one page and should outline the goal, the structure and the results of the full paper. The abstracts and full papers will be evaluated in a review process by an international Scientific Committee and published in a proceedings volume. The abstract as well as the full paper have to be submitted via the online conference system <https://easychair.org/conferences/?conf=wild2017>. Full papers should have a maximum length of 10 pages and must conform to the format guidelines, which can be found at <http://wild.unileoben.ac.at>
